The 026264 "Faze4" is 6dBi gain, roof mount Fibreglass Antenna covering the 477MHz UHF Citizen's Band. The antenna offers a genuine 6dBi of gain on the horizon across the whole designated band of operation when installed on a Ground Plane. It is designed for optimum performance on the 02740 mobile base and covers the entire respective designated bands of operation under 1.5:1 VSWR. Its fibreglass construction with clear epoxy coating ensures smooth strong and flexible finish.
