### Benelec Marine Lay Down Antenna Hook

Stainless Steel

A hook for resting a laid over antenna. It is entirely constructed of Stainless Steel, ideally suited to shipboard and fixed station applications.

#### FEATURES

- All Stainless Steel construction
- Accepts most antennas
- 2 screw holes, 1" (25.4mm) C-C
- Can be mounted to any vertical flat surface

**Note:** Mounting screws not supplied

#### PACKAGING

1 per box 120 x 70 x 50 mm

#### OPERATION

Shipboard and fixed station applications. By using in combination with Benelec's Swivel Mount and also Benelec's Stand-off Bracket, a long antenna may be used vertically & then possibly folded over for stowage, towing, or under bridge navigation with weight being taken by this hook.

Consult the **Marine Antenna Installation Instructions** supplied with your Marine Antenna for the proper procedure to follow in the installation and use of your Marine Antenna.
