

Part No 02750B 1/2" BSW Spring, Fem-Fem, shorted

The 02750B Spring is designed to mate with mounts & antennas that have a 1/2" BSW fitting. It is Heavy Duty & has a shorting lead internally. It is constructed with [electropolished](#) Stainless Steel for a trouble free, rust resistant life.

Applications

For articulating HF Mobile Antennas with 1/2 BSW mounting of Spring/Antenna combinations.

Tuning

Factory tuned, no further tuning required.

Features

- ✓ HF
- ✓ Mobile, bullbar
- ✓ Electropolished Stainless Steel
- ✓ Rugged construction
- ✓ Electrically shorted internally

Optional Mountings

- [027313](#), [027314](#), [027315](#) & [027316](#) Wrap Around bullbar Brackets
- [02730](#) Vertical bullbar Bracket
- [02732](#) standard & [027321](#) large Extra Heavy Duty bullbar Brackets

Specifications

- Frequency range:** 3-30 MHz
- Termination:** 1/2" BSW Female
- Mounting hole:** Needs 16mm hole
- Antenna size:** Handles large antenna combinations including [02102](#) & [020101](#)
- Weight:** 500g

1/2" BSW
Female Thread

1/2" BSW
Female Thread

Packaging

Individual, G.W. : 0.5 kg

Warranty

12 months (Please refer to [Benelec Terms & Conditions](#))
