

## Part N<sup>o</sup> 04101

### UHF plug for RG213, longbody

The **04101 UHF PL-259 plug** is a longbody solder style. It is a quality Nickel plated product with Gold finish on the centre pin contact & also the soldering surface (inside of centre pin). Unlike silver plated connectors it has high resistance to tarnishing. The shield should be soldered through access holes.

The construction features Brass metal parts with Nickel or Gold plated surfaces as appropriate. The shield screw thread connection conforms to the proper UHF PL-259 standard imperial thread (unlike some competitor 'metricized' parts).

**04101 UHF PL-259 plug**

#### Applications

For use with 10mm coaxial cables including:

- 05605**            *RG-213/U 50Ω (100m roll)*
- 056055**        *RG-213/U 50Ω (500m roll)*
- 05613**           *RG-11A/U 75Ω (100m roll)*

...and similar.

#### Features

- ✓ Brass metal parts
- ✓ Gold Plated centre pin
- ✓ Nickel plated (all else)
- ✓ Bakelite Dielectric
- ✓ Reliable, Robust, Durable
- ✓ Suitable up to 520MHz
- ✓ Solder centre
- ✓ Terminate braid by Solder
- ✓ Threads conform to imperial standards for PL-259

#### Packaging

Each: N.W. 19.8g ;    PolyBag 25x: G.W. 500g ;  
Box 100x: G.W. 2.0kg ;

#### Warranty

12 months (Please refer to [Benelec Terms & Conditions](#))

#### Cable Preparation
