

Part No 04127

UHF socket feed through

Application

- Joining two cables (UHFp) together
- panel mounted feedthrough joiner for UHF coaxial applications

Mounting

- Centre pin Gold Plated
- SO-239 – SO-239
- The shield screw thread connection conforms to the proper UHF PL-259 standard imperial thread

Materials

- Brass (Nickel plated)
- Teflon

Specifications

Frequency Range :	520MHz (Maximum)	Insulation Resistance:	≥ 5000MΩ
Impedance:	50 Ω	Mating:	5/8-24UNEF-2A
Dielectric Withstanding Voltage:	1500V (RMS)	Durability:	≥ 500 cycle
Temperature Range:	- 40°C to +85°C		

Warranty

12 months (Please refer to [Benelec Terms & Conditions](#))
