

Part No 04914

FME Plug to UHF plug adaptor

The **04914 UHF PL-259 plug to FME plug** is an adaptor for connecting a range of Benelec antennas to equipment expecting a UHF male (PL-259) plug. It is a quality Nickel plated product with Gold finish on the centre pin contact. Unlike silver plated connectors it has high resistance to tarnishing.

The construction features Brass metal parts with Nickel or Gold plated surfaces as appropriate. The UHF shield screw thread connection conforms to the proper UHF PL-259 standard imperial thread (unlike some competitor 'metricized' parts).

Applications

For use with antenna who's cables are terminated with FME sockets, including:

02632	<i>UHFCB Mob Antenna</i>
02462A	<i>Marine UHFCB Antenna</i>
02634UM	<i>UHF 380-490MHz Mob Antenna Stud</i>
02634UMC	<i>UHF 380-490MHz Mob Antenna</i>
02634ZM	<i>UHF 430-530MHz Mob Antenna Stud</i>
02634ZMC	<i>UHF 430-530MHz Mob Antenna</i>
024572	<i>4G Rugged Mob Antenna</i>
02515	<i>HiVHF Mob GPI Whip Antenna</i>

...and similar.

Features

- ✓ Brass metal parts
- ✓ Gold Plated centre pin
- ✓ Nickel plated (all else)
- ✓ Teflon Dielectric
- ✓ Reliable, Robust, Durable
- ✓ Suitable up to 520MHz
- ✓ Threads conform to imperial standards for PL-259

Packaging

Each: N.W. 25g ; PolyBag 25x: G.W. 630g ;
Box 100x: G.W. 2.6 kg ;

Warranty

12 months (Please refer to [Benelec Terms & Conditions](#))
